Manifesto «Making Purpose Work» by Generation Purpose

We want to collaborate better to make great things possible.

We discover what excellent collaboration means to us and make this knowledge accessible to the whole team and those we collaborate with. It's an ongoing journey.

We choose to be led by courage, not by fear.

Our common purpose shows us the way and lets us stay in a positive flow while we navigate permanent change and uncertainty as a team.

We build the best solutions through meaningful conversations, through careful listening and transparent decision-making. We value intuition and things that cannot be measured.

We learn together by doing, reflecting and adapting. We experiment, fail and improve things together. To us, collaboration means: Get it done together!

We believe in collaboration that is fun and voluntary, where everyone contributes what makes the most sense to them and the team.

We let each other shine. We use our superpowers to enable each other. We accept each other's shortcomings and help each other to grow and evolve.

Everyone is invited to play a vital part in what we create and to contribute fully. We are a team. The whole is much more than the sum of its parts.

**We are here together to do great things based on a common purpose.
Let's get it done, together!**

I come with a positive attitude and take care of myself to be able to care for others. I spread kindness and I am mindful of the needs of others. I listen more than I speak.

I give more than I take. I show up as human, bring my heart to work and carefully build trusting relationships. I reflect on my behavior and address my shortcomings.

I take on different roles: Sometimes as participant. Sometimes as facilitator. Sometimes I lead the way.

I contribute what is of most value to all. I share all relevant information and take care that others can take over my roles.

We make purpose work.

We are empowering people, teams and organisations to find and pursue their purpose.

We are discovering the knowledge of excellent collaboration and making it accessible to everyone.
